It conjures up a hazy image of a caravan of camels laden with silk on a dusty desert track, reaching from China to Rome. The reality was different--and far more interesting--as revealed in this new history. In *The Silk Road*, Valerie Hansen describes the remarkable archeological finds that revolutionize our understanding of these trade routes. For centuries, key records remained hidden--sometimes deliberately buried by bureaucrats for safe keeping.

The silk road was a network of paths connecting civilizations in the East and West that was well traveled for approximately 1,400 years. Merchants on the silk road transported goods and traded at bazaars or caravanserais along the way. They traded goods such as silk, spices, tea, ivory, cotton, wool, precious metals, and ideas.
